Mid-Central Waterworks Association
411 N Propect Ave
Itasca, IL 60143

Dear Mid-Central Waterworks Association:

Thank you for your generous contribution of \$3,071.00 to Water For People. Your support is making a life-changing difference for people throughout the developing world. Simply gaining access to safe drinking water, proper toilets and hygienic habits can help people take the first step out of poverty. Lives can be saved. Health can be restored. Children and teenagers can go to school. Women can work. And new doors can be opened that lead away from poverty and into a future of hope. You make it possible.

In 2009, Water For People and its partners provided access to safe drinking water and improved sanitation to over 327,000 beneficiaries - an increase of 77 percent over 2008. As we move forward we are excited about the prospects for 2010 and beyond. Our plan is to catalyze large scale change that will enable communities to eventually address and manage their own water and sanitation systems without the support of us or any other aid organization.

At the same time, Water For People continues to improve its allocation of resources, keeping overhead costs to a minimum. We are proud to report that for the seventh year running, Water For People has been awarded a Four-Star ranking from Charity Navigator. Because we are committed to the vision that all people have access to safe drinking water and improved sanitation, we strive to maintain the highest standards of financial performance and remain accountable to our donors and those we serve.

We couldn't do this vital work without supporters like you. Thank you for being a part of the solution.

Best regards,

Edward D. Breslin
Chief Executive Officer

Much appreciated!
